WASHINGTON—[Rigoni di Asiago](#) introduced a pink grapefruit flavor offering to its existing line of Fiordifrutta organic fruit spreads. Fiordifrutta Pink Grapefruit fruit spread is 100-percent USDA organic, low in calories and sweetened with apple juice to eliminate added sugars. In addition, the pink grapefruit spread is made using a patented low-temperature fruit cooking process which conserves the vitamin and mineral nutrients of the natural fruit.

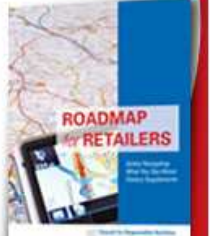

The spread may be used for a variety of dishes, including tarts and desserts. Each 8.82-oz. jar of the pink grapefruit spread contains 3 lbs. of fruit.
